

Procuration pour l'administration de mon argent Révocation de la procuration

T-5

BRIGHT IDEAS

BRIEF DESCRIPTION OF THE TOOL:

This model is a tool to prevent financial abuse by limiting the powers of the designated proxy. It contains information on the account holder and on the proxy. With this proxy form, the account holder limits the powers of the proxy by determining, for example, the maximum amount per month or per transaction that the proxy can withdraw.

Although a proxy is voidable at any time, the document states that the proxy is valid for a limited time of two years which allows for a satisfaction assessment after this time period.

This document can be accompanied by another template, for proxy revocation.
