

## Autorisation à communiquer des renseignements personnels

i-10

**NOUVEAU**

### BRIEF DESCRIPTION OF THE TOOL:

This authorization to disclose personal information allows, for example, an employee of a CLSC to collect and transmit information from various partners identified in collaboration with the signatory.

This form is fairly comprehensive and provides that the signatory is the architect of his plan and may terminate its service request at any time. It also states that the authorization is valid for a predetermined time of 90 days from the time of signing.

This tool can be particularly useful in complex cases of abuse where several agents may have to work together
