After that, there is an explanation of how the abuse developed, the difficulty for Madeleine in facing it and the different behaviors towards seniors that are unacceptable.

For the discussion, the intervention guide *Madeleine s'explique* may be useful to the facilitator, who may have to answer questions. It explains:

- Who are the abusers
- Who are the victims
- How abuse can develop
- The difficulty in acknowledging abuse
- The main forms of unacceptable behavior towards seniors
- The psychological effects for victims of abuse
- How to stop a situation
- How to reach a victim

Finally, it is suggested that a panel of experts (socio-community worker, lawyer, CAVAC advocate and/or social workers, for example) be available to answer questions and welcome comments from the seniors attending the session.
